CHRISTMAS 2024

# A Gin for Every Season.

## Especially the Festive Season.

Making gin is a passion that is not unlike making a cocktail. It's a splash of art and a dash of science; a good measure of intuition... and last but not least a little sprinkle of magic!

From our signature Autumn Dry Gin we have now created a gin for every season, each distinct from the other yet with the same core botanicals that make the Farmer's Wife Gin so unique.

What better gift than the gift of gin!

### Our Unique Botanicals

Our small batch of handcrafted gin is created on our farm in the small village of Allworth NSW. Our boutique hand-crafted gin is our homage to the tradition of gin making and the native flavours of Australia.

Thirteen botanicals including native sage, myrtles, pepperberry and our signature native sugar bag honey bestow their magic upon this gin, layering each sip with a refined local flavour. The rare sugar bag honey is produced in small quantities by Australian native stingless bees. This inscribes a unique citrus sweetness that when distilled using a traditional copper pot still delivers a softness and depth to the gin.

The result is a beautifully rich gin, at home in a traditional cocktail yet with the complexity and softness to be sipped neat over ice. We keep only the very heart of the spirit, then blend it with purified rainwater harvested from the farm.
