### A note from the Farmer's Wife

The concept of the Farmers Wife Distillery was formed sharing a fine gin with friends. Living in the country, as 3rd generation farmers, we were inspired to share our love of country life and our passion for creating something unique. I knew it had to incorporate all of my passions: I wanted to create something that encompassed my love for growing food and gardening, my love of family, friends and community and the idea of mastering different flavours to produce something unique and special.

The sense of place to gather is as important as the creation and we would love for you to join us on our journey as we build and grow a home for the Farmer's Wife spirits and most importantly to be inspired by the magic of craft distilling.

### Seasonal Release Gins

#### Autumn Dry Gin

**Style:** Classic Australian dry gin with native botanicals

**ABV:** 48%

**Sizes:** 700ml | 500ml | 200ml | 50ml

Crafted in our traditional copper pot still, Autumn Dry Gin is our signature gin. Thirteen botanicals including native sage, myrtles, pepperberry and our signature native sugar bag honey bestow their magic upon this gin.

The rare sugar bag honey is produced in small quantities by Australian native stingless bees. This inscribes a unique citrus sweetness that when distilled using a traditional copper pot still delivers a softness and depth to the gin. The result is a beautifully rich gin, at home in a traditional cocktail yet with the complexity and softness to be sipped neat over ice.

Our gin is unfiltered to retain the full flavour of our botanicals and the barrel. As such it may become cloudy when chilled. This is just the botanicals peeking through!

#### Tasting Notes

**Nose:** Sweet citrus, herbal & pine.

**Palate:** Sweet grapefruit, herbal spice with earthy undertones

**Finish:** Warm honey

### Seasonal Release Gins

#### Warm Winter Gin

**Style:** Aromatic, spiced seasonal gin for cooler months

**ABV:** 48%

**Sizes:** 700ml | 500ml | 200ml | 50ml

This limited edition barrel aged gin is our homage to the tradition of gin making and the native flavours of Australia.

We leave our hallmark gin to mature within a former peated whisky barrel, sourced from our friends at Black Gate Distillery. During the ageing process the gin's 13 signature botanicals evolve as the flavour enriched walls impart both character and depth to the recipe.

With patience and palate we have crafted a rich, floral smoked gin with hints of candied citrus which is smooth and warm all the way to the finish.

This gin emboldened with smokey opulence makes for the perfect Negroni or Gin Old Fashioned... but we prefer it neat over ice by the fire, with or without company.

#### Tasting Notes

**Palate:** Smokey pine & oak

**Finish:** Warm sweet toasted smoke
